2015 ANNUAL REPORT

PARTIDO DEVELOPMENT ADMINISTRATION
Created under RA 7820 as amended by RA 8989

VISION

By 2020, Partido Development Administration (PDA) envisions a district where the quality of life is comparable with the Lone district of the Province of Catanduanes.

MISSION

To attain its corporate vision, the PDA shall catalyze industry and commerce through upgrading of human resources, enhancement of LGU capability and operation of pioneering business ventures .

QUALITY POLICY

PDA commits to provide excellent services and continue to implement innovative and sustainable programs with the intent of improving lives and accelerating the development of Partido Area.

About the Cover

The diversity and productivity of the coastal resources is a vital interest for the people of Partido. Out of 10 Municipalities 9 of it are coastal towns composed of 99 coastal barangays 30% of 299 barangays in the area. Covering approximately 359 kilometers of coastline the Partido area is one of the biggest and abundant district in Camarines Sur in terms of Aquatic resources. The security, economy and survival are reliant to the management and protection of its limited resources. The marine ecosystem is the downstream of everything in Partido, so all of the actions, no matter where we live, affects the bodies of water and the marine life it holds including the dependents of this land.

MESSAGE

With both pride and humility, I take on the challenge to steer our organization towards our vision of becoming a district where the quality of life is comparable to the more advanced districts in the country.

This Annual Report reflects our agency's best efforts for 2015 towards that vision for Partido. Our programs on water, health, environment and other sectors have become the purpose that has kept us going and will continue to guide our years ahead. With the accomplishments highlighted herein, we look forward to exploring new development horizons that will further strengthen our ties with our local communities as we pursue our goals for Partido. Alongside this, our partnerships with our organizations will highlight our accomplishments. Because as much as we recognize our efforts as a unique organization moving towards development, we also acknowledge that the integral role of our partners also define our milestones – through synergy we gain mutual benefits, maximize both our resources and project impacts. Through the years we have instituted and kept our partnership as we provide development interventions for various sectors.

In keeping with the Sustainable Development Goals, we shall continuously endeavor to deliver excellent services for Partido and put our best foot forward in achieving the goals that we committed to attain.

As my mentor, former Administrator Rosa Catolico has said, much has been done, but more still needs to be accomplished. We see challenging times ahead, as all organizations do, but we will not stop until we bring our people the service that they deserve. For we owe it to them to do our best, and they deserve nothing but our excellent service.

I commend the able and hardworking employees of this agency, who, through the years, have seen through the many challenges of being in a one-of-a-kind organization.

As Mahatma find yourself is to

Gandhi wisely said, “the best way to lose yourself in the service of others”.

Together let us continue working hard, finding satisfaction in serving the people of Partido before ourselves.

RAMON F. FUENTEABELLA C.E., M.M.
Administrator I

POLICY-MAKING BODY

PDA Board of Directors

HON. RUEL T. VELARDE
Board Chairman
Mayor
Municipality of Tinambac

The Partido Water Supply System Project provides water, a basic need and right of the people of Partido. Through the years, the PWSS has continuously provided safe, sustainable and affordable water to the people of Partido.

As of December 2015, the PWSS covers 130 barangays, with 14,830 Household connections in Partido, and future expansion projects are being validated for feasible accomplishments. The PWSS management has managed the operation despite the increasing number of concessionaires and maintenance requirements of the water systems. The management continually apply its quality service on the responsible use of water in Partido.

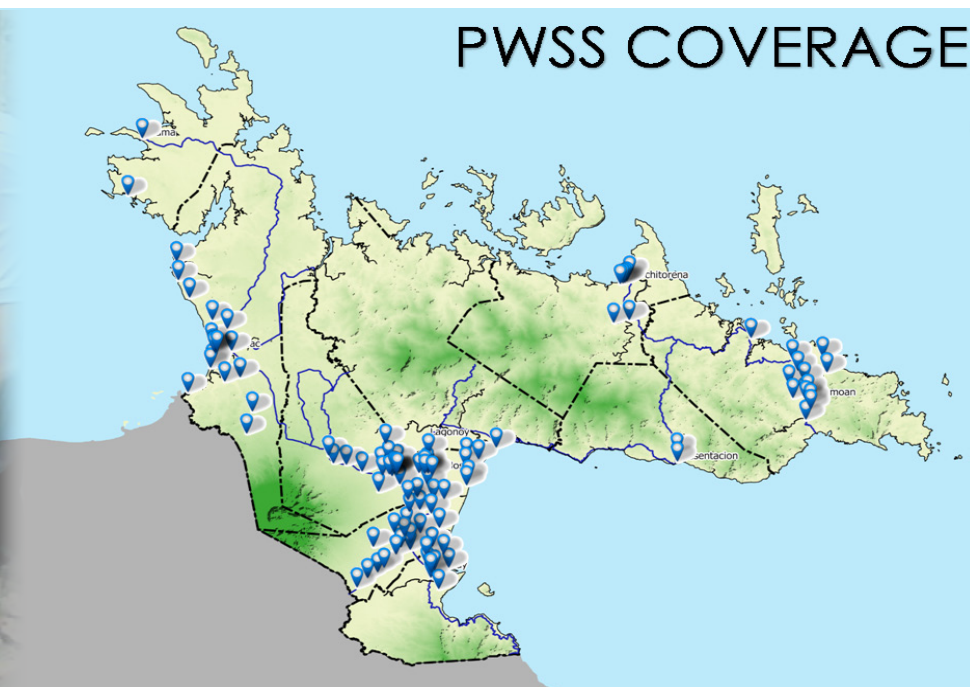

PWSS CONSUMERS IEC PROGRAM

The PWSS has institutionalized the conduct of IEC on proper and efficient water use to new consumers as part of its social responsibility as a potable water service provider. New consumers are informed of the existing current water tariffs in the country, water-saving measures and their responsibility as water users.

April 17, 2015

TECHNICAL COMMITTEE MEETING

PARTIDO DEVELOPMENT ADMINISTRATION Meeting (PhilVolcs-DOST)

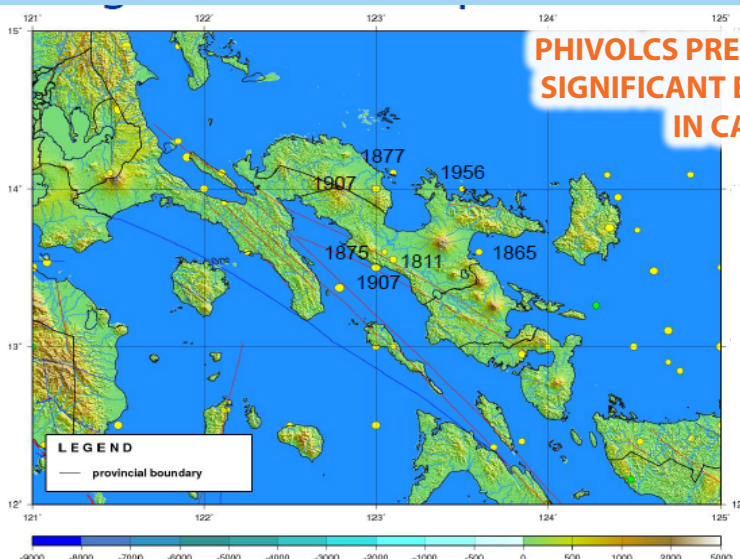

As mandated by Republic Act 7820, the Technical Committee is involved in the day-to-day operations of the PDA by serving as the technical arm of the PDA Board of Directors in planning and implementing transmunicipal projects. For the year 2015, the Technical Committee held meeting with guests from various agencies whose programs and projects cover the Partido municipalities.

The Technical Committee is composed of the ten Municipal Planning and Development Coordinators in Partido. It meets regularly to discuss plans and programs of the PDA, other government and non-government agencies and those of individual LGUs which may be replicated in other LGUs. As most of the plans and programs of the LGUs are conceptualized and implemented through the office of the MPDCs, their technical capabilities are highly regarded in project planning and implementation. Thus, their recommendations in PDA projects which require LGU inputs are critical in ensuring that the goals are achieved.

Last April 17, 2015 the Partido Development Administration together with the Philippine Institute of Volcanology and Seismology (PHIVOLCS-DOST) conduct a Technical committee meeting discussing the Disaster Risk Reduction Program preparation in the Partido area. The meeting was participated by the Municipal Planning and Development Coordinators and Municipal Disaster Risk Reduction and Management Council (MDRRMC)

PHIVOLCS

DRR Innovations Albay Experience

As one of the concerned agency during the technical committee meeting, the (PHIVOLCS-DOST) effectively coordinates with the Partido Development Administration to empower the MPDCs and MDRRMCs to promote an efficient intervention on disaster preparedness and emergency response and recovery.

The meeting deals with the needs in improving the disaster risk reduction units in every municipalites. The PHIVOLCS shows some presentations and analysis as basis of potential emergencies and crisis

situations important to the Bicol Region, district authorities and municipalities.

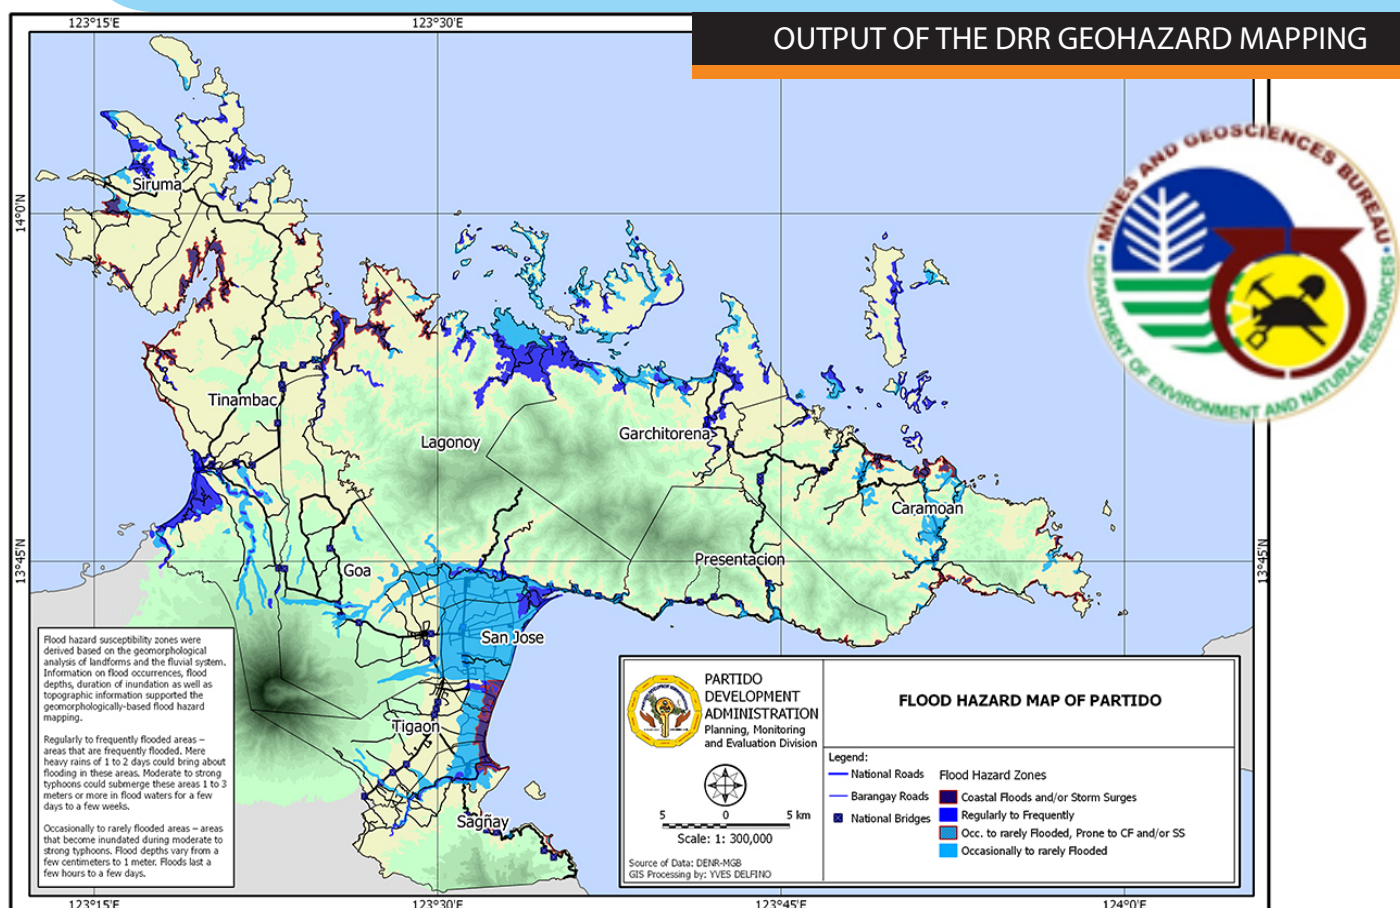

The presentors used some of experiences in Albay as template for the DRR innovations. Also, the Mines and Geosciences Bureau (MGB) conducts a Geohazard Mapping in risk reduction and development planning to identify areas in the region that are susceptible or prone to various geologic hazards and provide the vital information to various stakeholders in order to lessen or mitigate the impacts of Catastrophic events like earthquake, tsunami, floods and landslides.

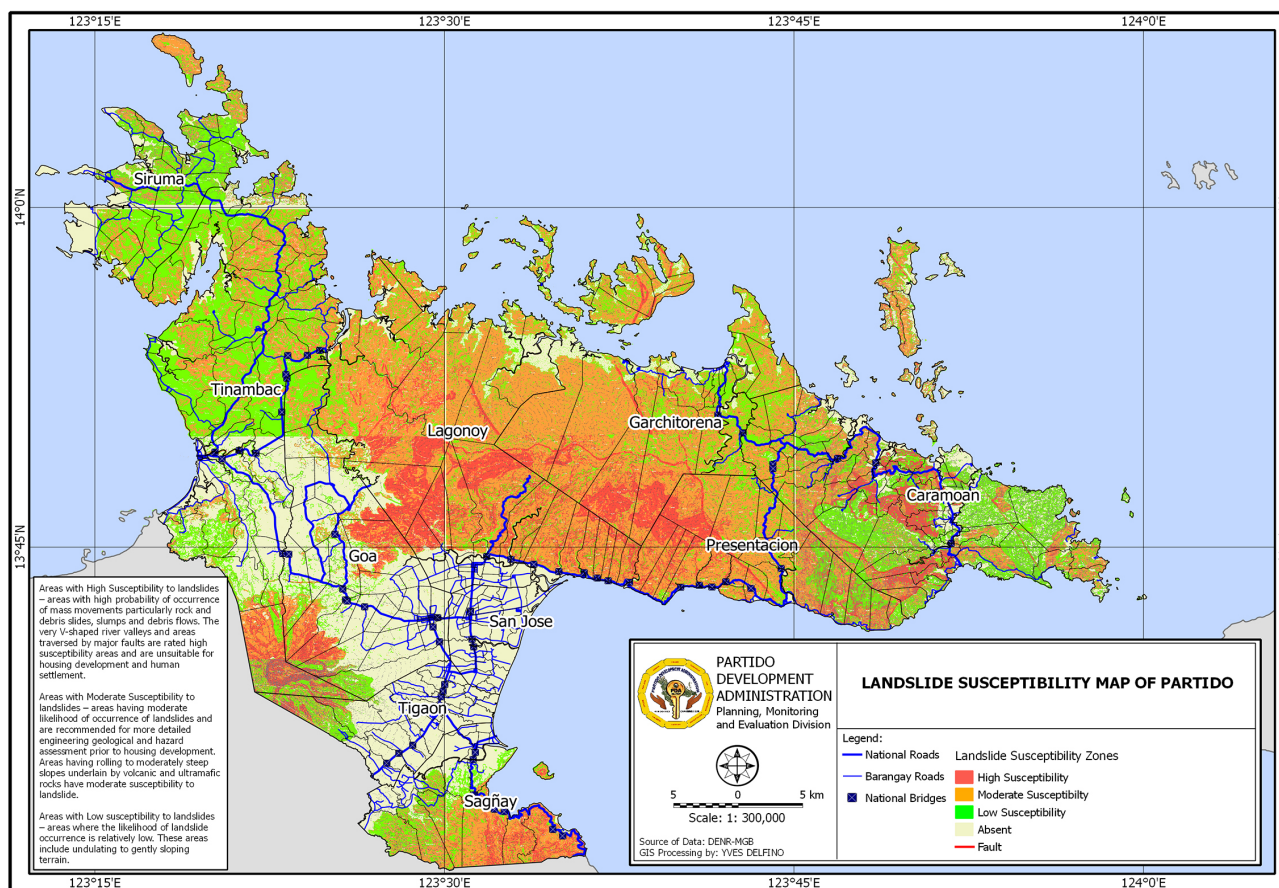

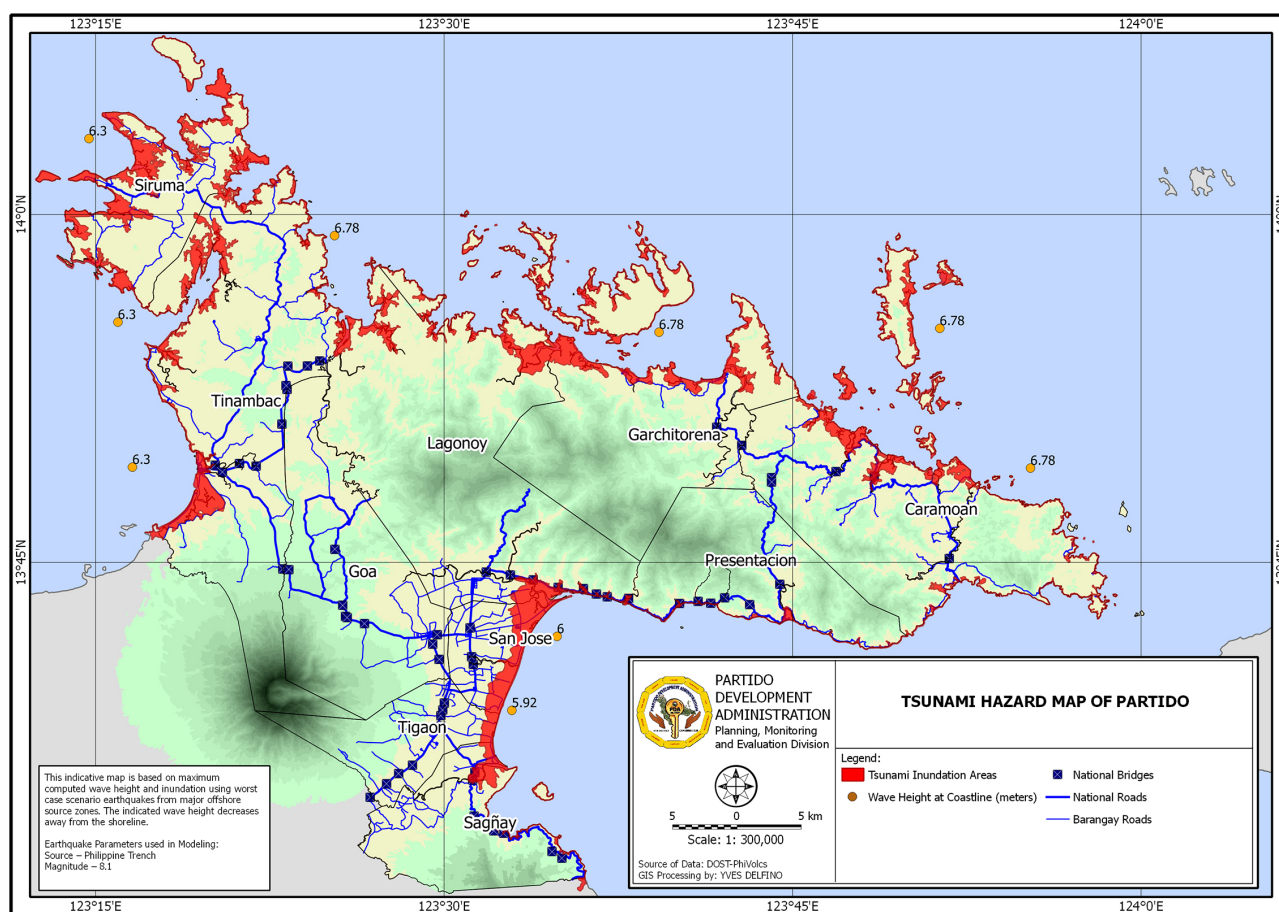

Dr. Cedric D. Daep of Albay Public Safety & Emergency Management Office share some DRR innovations during the Albay experience.

Geohazard Mapping in Disaster Risk Reduction and Development Planning

Meeting with UP-NCPAG and DOTC

FCRMA

SHAPING YOUNG MINDS, NURTURING MOTHER NATURE

Web of Life is a simulation game that demonstrates the balance of life in the coastal and marine ecosystem. The participants will represent the coastal habitats and the fishes, invertebrates, planktons, marine mammals and other marine organisms. Standing in a circle, they will connect themselves to each other using rope/string to represent the ways they depend on each other. As they make connections, the rope/string forms a visual web of life. Finally, they will experience the different issues and threats affecting the balance of life in the coastal and marine ecosystem.

CHRD Bldg., PDA Complex, Caraycayon,

Level 1

Mrs. Recha Isabel P. Quinn, DC I-PEM, gave an orientation about Partido Development Administration and the Fisheries and Coastal Resources Management Actions.

Preparation for the Web of Life activity

SHAPING YOUNG MINDS DOCUMENTATION LEVEL I

May, 15, 2015

CHRD Bldg., PDA Complex, Caraycayon, Tigaon, Camarines Sur

The WWF-Philippines Team under its Partnership for Program for Sustainable Tuna facilitated the Web of Life activity

Mrs. Rosalie Samson of CENRO-Goa discussed about the mangrove ecosystem.

The environmental champions from the Department of Education posted their pledge of commitment to Mother Nature.

The participants from the Local Government Units and environmental champions from the Department of Education posted their Discoveries, Affirmations and Realizations during the activity.

Mr. Fausto C. Romero, Jr., MPDC of LGU-Siruma queried after the discussion on the coral reef ecosystem as presented by Ms. Nonie P. Enolva, Chief MFRMS of BFAR.

SHAPING YOUNG MINDS, NURTURING MOTHER NATURE

Level 2

TIGAON, CAMARINES SUR, 16 July 2015 Partido Development Administration (PDA) launched the district-wide Information Education Campaign (IEC) dubbed "Level II – Shaping Young Minds, Nurturing Mother Nature".

These series of orientations are part of the PDA's ridge-to-reef IEC on Coastal Resource Management Action (CRMA).

In partnership with other various partners, this soft approach on fishery and coastal law enforcement aims to radiate learnings about the environment to school children, and to help encourage them to take more active stance in nurturing the environment.

Participants per municipality include Public Schools District Supervisors, school principals, Yes-O coordinators, Municipal Planning and Development Coordinators, Municipal Agriculture Officers/Agriculture Technician, SB Chairman on Agriculture/Fishery, SB Chairman on Education.

The first two activities were conducted in the municipalities of Garchitorena and Caramoan. Below is the schedule per municipality.

MUNICIPALITY SCHEDULE VENUE

Garchitorena July 1, 2015 (Wed.) Garchitorena CS

2015 FISHERY LAW ENFORCEMENT CONVENTION

To strengthen law enforcement, the Partido Development Administration coordinated the Seminar "Fishery Law Enforcement Convention 2015" for the Bantay Dagat in various coastal municipalities in Partido last November 5, 2015. For these training, the PDA and its partner agencies co-sponsored and facilitated the activities. Resource Speakers from BFAR and other concerned agencies were invited to re-educate the Bantay Dagat volunteers and LGUs on appropriate law enforcement topics.

Some of the law enforcers testify their experience and strategies in implementing the laws in some municipalities. Also, as part of the program the participants joined the mapping activity where they trace the areas of violations and coastal issues present in the Partido district.

Mr. Ariel Pioquinto, OIC - Chief for Fisheries Management Resource Enforcement Division of BFAR presented the Role of Law Enforcement Agencies in Fisheries and Coastal Resource

PCIPaul Cabug, Tinambac Chief of Police share some fishery law enforcement experience in the municipality and his response to other municipalities about their obstacles encountered in the implementation of the fishery law enforcement.

Mapping of Violations and Coastal Issues in Partido Area.

FISHERY LAW ENFORCEMENT CONVENTION DOCUMENTATION

Registration of Participants

Ms. Nida Peña, AT-Fishery of LGU-San Jose shared their experiences on the implementation of the Fishery laws and policies in their municipality.

Engr. Ramon F. Fuentebella, Acting Administrator of Partido Development Administration, delivered his welcome message.

Ms. Recha Isabel P. Quinn, DC I – PEM of PDA gave an orientation about Partido Development Administration and Fisheries and Coastal Resources Management Actions (FCRMA)

Presentation about RA 10654 (An act to Prevent, Deter and Eliminate Illegal, Unreported and Unregulated Fishing, Amending Republic Act No. 8550, otherwise known as the "The Philippine Fisheries Code of 1998" and for other Purposes)

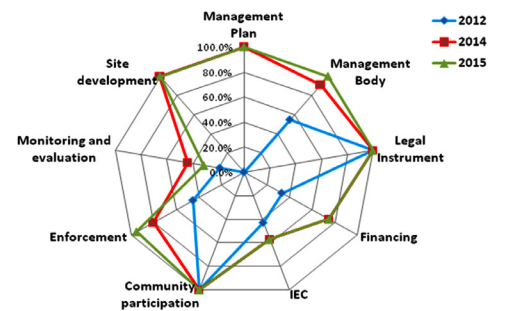

MPA MANAGEMENT EFFECTIVENESS ASSESSMENT TOOL WORKSHOP

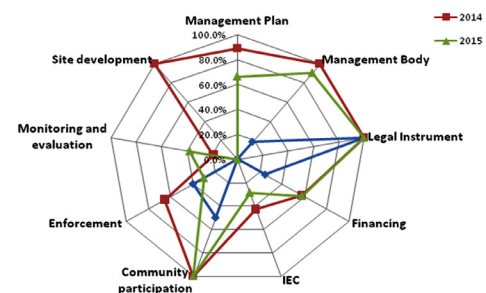

The MPA MEAT (Management Effectiveness Assessment Tool Workshop) aims to assess governance in terms of enforcement, implementation and maintenance. However, MPA management in the context of governance approaches in the Philippines is not limited to the physical management of the MPA only but also includes direct and indirect uses, threats, people, and the systemic interaction between people and resources.

HEALTH

OPERATION REACH-OUT

The Partido Development Administration together with its private sponsors conducted its twenty-one years of enhancing life through free and accessible health service in Partido area. It is a Health program that offers free surgical and other health services that provides medical assistance to the people of Partido.

Due to the success of the previous Surgical Mission in some municipality in

Partido, the Mission extends its Medical services in Tigaon, Camarines Sur last February 05-08, 2015.

PARTIDO DEVELOPMENT ADMINISTRATION
Created under RA 7820 as amended by RA 8989

Congressman Wimpy Fuentebella ensuring the best health care for his constituents

After receiving positive feedbacks and persistent requests from the beneficiaries, the PDA believes that this kind of apostolate work is an excellent way of serving the migrants and their families left behind; as the saying goes, "Health is Wealth!"

Nowadays, straying from healthier habits have caused the build-up of toxins in the tissues and organs that weakens our immune system and resulted to some physical defects. The families of migrants are not spared from this reality. This is an initial way of helping the people and encouraging them to conscientiously maintain good health in their personal lives and to their family. Further, the PDA is endowed with several initiating partners and co-operators who are surgeons and doctors by profession so this endeavor is one way these partnership could share their aptitude, treasures and time.

Summary of Patients Served

| DATE | SURGERY | | | OPHTHAL | | | Prosthesis | Wheel chair | TOTAL | DISTRIBUTION |
|---------------------|--------------|---------------|---------------|--------------|----------------|---------------|--------------|--------------|-------------|--------------|
| | Major | Minor | Consultation | Cataract | Eye Refraction | Consultation | | | | |
| February 4, 2015 | | 59 | 99 | | | | | | 158 | 17.40% |
| February 5, 2015 | 21 | 83 | 23 | 11 | | | | | 138 | 15.20% |
| February 6, 2015 | 9 | 83 | 22 | | 294 | 141 | 11 | 10 | 570 | 62.78% |
| February 7, 2015 | | 33 | 9 | | | | | | 42 | 4.63% |
| Total | 30 | 258 | 153 | 11 | 294 | 141 | 11 | 10 | 908 | 100% |
| Distribution | 3.30% | 28.41% | 16.85% | 1.21% | 32.38% | 15.53% | 1.21% | 1.10% | 100% | |

Note: out of the 153 surgery consultations, 15 were referred to other hospitals

Everyone in the Operation Reach-out acknowledges that we, humans, are called to administer God's goods for the benefit of all creations and therefore believes that the life, energy, intelligence, time, space and wealth that one has must be taken care of and shared with our people.

This year 2015 Surgical and Medical Mission was undertaken in coordination with the following organizations:

- Society of Philippine Surgeons in America
- Maharlika Lions of San Jose
- Far Eastern University
- Physicians for Peace
- Rural Health Unit of Sagñay
- Dr. Manuel T. Fuentebella Memorial Hospital
- Rural Health Unit of Tigaon
- Tigaon Primary Hospital
- Camarines Sur Medical Society
- Isarog Medical Research Foundation, Inc.
- Mother Seton Hospital
- 4th Congressional District Office
- Partido District Multi-Purpose Cooperative
- Partido Development Administration

Constituents from some developmental areas in Tigaon, Camarines Sur have been chosen to receive the Surgical and Medical services. More than 908 beneficiaries were given free consultations, minor and major surgery, Ophthalmic checkup, Prosthesis, Wheelchair and other medical services through the assistance of volunteer doctors from the different Hospitals.

PARTIDO WRAPS UP RABIES AWARENESS CARAVAN FOR 2015

In July 3, 2015, the Department of Health, in partnership with the Partido Development Administration (PDA), Department of Agriculture (DA), Department of Interior and Local Government (DILG) and the 10 LGUs from the fourth congressional district of Camarines Sur, conducted a district-wide advocacy on RA 9842, otherwise known as the Anti-Rabies Act of 2007.

The whole-day activity was participated in by the district's Municipal Health Officers, ABC Presidents, Municipal Agriculture Officers, Municipal Kagawad on Health from Partido. The Resource Speakers thoroughly discussed topics related to the prevention and management of the rabies disease.

At the end of the activity, the LGU participants and health program

partners agreed that there is a need to cascade the advocacy at the municipal level, with the end-in-view of enhancing the awareness of the general public on rabies, a fatal but preventable disease.

A follow-up meeting was conducted on July 24, 2015 to discuss the details of the municipal advocacies on rabies prevention and control. This meeting was attended by MHOs, Local

Government Operations Officers, Municipal Planning and Development Coordinators, PDA, DOH-PDO Camarines Sur and a representative from the Bicol Medical Center-Animal Bite Treatment Center. It was agreed that the Information-Education Campaign shall be conducted to help disseminate more information on responsible pet ownership and treatment and management of rabies.

SCHEDULE AND MUNICIPAL PARTICIPANTS

| MUNICIPALITY | Schedule | No. of bgys | Municipal Participants | | | | | | | Total Expected Participants | Actual Participants |
|-----------------|----------|-------------|------------------------|------------|-----------|-----------|-----------|-----------|-------------------|-----------------------------|---------------------|
| | | | Bgy. Capt. | Bgy. Tanod | MAO | MHO | PNP | PSDS | Resource Speakers | | |
| 1. Tigaon | Oct. 13 | 23 | 23 | 23 | 3 | 3 | 3 | 2 | 10 | 67 | 61 |
| 2. Goa | Oct. 26 | 34 | 34 | 34 | 3 | 3 | 3 | 2 | 10 | 89 | 92 |
| 3. Sagnay | Oct. 19 | 19 | 19 | 19 | 3 | 3 | 3 | 2 | 10 | 59 | 75 |
| 4. San Jose | Oct. 12 | 29 | 29 | 29 | 3 | 3 | 3 | 2 | 10 | 79 | 75 |
| 5. Lagonoy | Oct. 15 | 38 | 38 | 38 | 3 | 3 | 3 | 2 | 10 | 97 | 97 |
| 6. Presentacion | Oct. 20 | 18 | 18 | 18 | 3 | 3 | 3 | 2 | 10 | 57 | 61 |
| 8. Siruma | Nov. 13 | 22 | 22 | 22 | 3 | 3 | 3 | 2 | 10 | 65 | 68 |
| 9. Garchitorea | Oct. 22 | 23 | 23 | 23 | 3 | 3 | 3 | 2 | 10 | 67 | 69 |
| 10. Tinambac | Oct. 27 | 44 | *88 | 44 | 3 | 3 | 3 | 2 | 10 | 153 | 106 |
| 7. Caramoan | 2016 ** | 49 | 49 | 49 | 3 | 3 | 3 | 2 | 10 | 119 | |
| TOTAL | | 299 | 343 | 299 | 30 | 30 | 30 | 20 | 100 | 852 | 704 |

The speakers and the participants agreed on the dates and the focal persons at the municipal activities. The cost of the district-wide advocacies was mutually agreed to be shared between the DOH, PDA and the LGUs. Dog vaccination was also made an integral part of the activity, depending on the request of the concerned LGUS, and was agreed to be conducted by the representatives from the Department of Agriculture ROV and the Municipal Agriculture Office..

The conduct of these municipal advocacies on the prevention and control of rabies further streamlined the partnership between the PDA, LGUs, and the DOH in the fight against rabies in Partido.

By the end of 2015, nine out of the ten municipalities in Partido were visited by the Caravan Team. The activity for Caramoan will be conducted in the first quarter of 2016.

To reinforce Partido's response against rabies, the establishment of three (3) ABTCs is being proposed, namely ABTC-Tigaon, ABTC-Caramoan, ABTC-Tinambac. This will help decrease the number of animal bite patients being referred and attended to at the BMC-ABTC, and will lessen the travel time and cost of the patients going to the said facility. The request has already been submitted by the PDA to the DOH, and has already received positive feedback. PDA shall closely monitor and follow-up on the progress of this request.

QUALITY EDUCATION

COMPUTER LITERACY PROGRAM

Mobile Information Technology Classroom (MITC)

SAGÑAY, CAMARINES SUR - June 25, 2015. *Partido Development Administration, in continuing partnership with the Department of Science and Technology – Science Education Institute (DOST-SEI), Department of Education (DepED) and the Partido State University (PSU) kicked off the 2015-2016 school year with the deployment of the Mobile Information Technology Classroom (MITC) project in the public elementary schools in Sagñay, Camarines Sur.*

The MITC project started in 2008, and has since provided basic computer literacy to thousands of students, pupils and teachers in the fourth congressional district of Camarines Sur, popularly known as Partido. For the school year 2016-2017, the MITC will be deployed in the elementary schools of San Jose, Camarines Sur.

MITC DEPLOYMENT OBJECTIVE:

To provide basic knowledge on computer operations and the use of the most widely-used MS Office Applications and keep the participants at pace with the latest in information technology.

At the end of the first phase, the participants should have:

Learned the basics of computer operations and are able to satisfactorily pass the end of training test

Gained knowledge on using MS office Applications. These can be demonstrated by completing the output required of them by the end of the training.

| TEACHERS INTERVENTION | CLUSTER |
|---|-----------|
| SAGÑAY CENTRAL SCHOOL JUNE 25 – 26 2015 PARTICIPANTS 74 | Cluster 1 |
| PATITINAN ELEMENTARY SCHOOL JULY 23 – 24 2015 PARTICIPANTS 39 | Cluster 2 |
| TURAGUE ELEMENTARY SCHOOL AUGUST 13 - 14 2015 PARTICIPANTS 32 | Cluster 3 |
| CATALOTOAN ELEMENTARY SCHOOL OCTOBER 15 – 16 2015 PARTICIPANTS 32 | Cluster 4 |

The target participants are Grades five and six pupils and the teachers in schools that have signified interest to have the MITC deployed in their respective schools.

For its 2015 deployment, the MITC served a total of 1,353 pupils, and 185 teachers.

The Partido State University provide IT Instructors to handle the MITC lessons for the participating schools.

The MITC module design highlights Basic literacy on computer software, hardware, use of internet and trouble shooting, with emphasis on using the basic used of Microsoft Word, Excel and Powerpoint.

Participants are subjected for the Pre-test and Post-test to assess their IT knowledge before and after the MITC lessons. This is an important evaluation tool for the MITC program.

TOURISM MASTER PLAN

In partnership with the Partido State University (PSU) and the Bicol State College of Applied Sciences and Technology (BIS-CAST), the PDA completed the Lahuy-Atulayan Islands and Partido Environs Tourism Master Plan (TMP) in 2014.

Following the submission of copies of the TMP to the National Economic and Development Authority-Regional Development Council (NEDA-RDC) and the Department of Tourism (DOT), the PDA sought endorsement of the TMP to the concerned line agencies for adoption, funding and implementation.

After the PDA's presentation of the TMP before the Economic Development Committee in November, it was subsequently presented by the PDA Division Chief for Planning, Evaluation and

Monitoring during the RDC Full Council Meeting in December 2015.

At RDC Chairman Joey Salceda's suggestion during the RDC meeting, the 10 year TMP investment plan was shortened to 3-years. It was then referred to various concerned agencies for eventual inclusion in their annual plan and budget.

Tourism master plan gets RDC support

The RDC endorsed the Lahuy-Atulayan Islands and Partido Environs Tourism Master Plan (TMP) through RDC Resolution No. 29 (S. 2015). The TMP aims to harness potentials for sustainable tourism development in the Partido area.

It covers the municipalities of Caramoran, Saglay, Tigson, San Jose, Lagoray, Garachitona, Presentation, Tinambac, Siruma and Goa, with a total of 299 barangays. It also covers the two protected areas within the Partido area: Mt. Isarog Natural Park and the Caramoran Natural Park. The TMP includes proposed projects with total investment amounting to P10.25 billion to be implemented in 10 years.

The proposed projects are expected to: (a) enhance competitiveness of tourism products; (b) attract tourism-related investments on infrastructure, amenities and facilities; (c) educate stakeholders on technology-based income generating skills; (d) establish sustainable livelihood activities; (e) promote self-respect, cultural pride and dignity among stakeholders; (f) protect the environmental resources and tourism assets; (g) mainstream participation of stakeholders in resource and tourism governance; (h) develop a system and institutional arrangements for effective and efficient tourism industry management; and (i) increase stakeholders' resiliency against climate-related hazards.

RDC approves revalidated regional investment plan

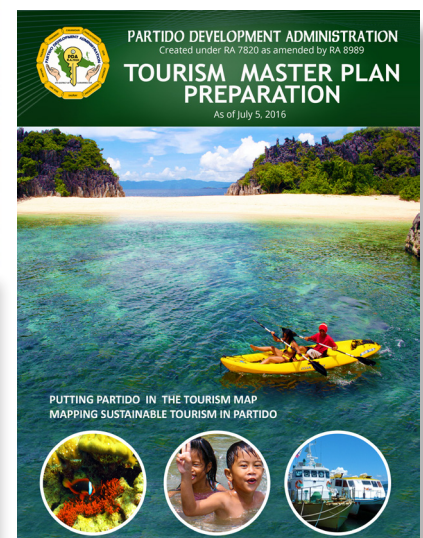

The RDC 5 endorsed the revalidated Regional Development Investment Plan (RDIP) 2016-2018 through Resolution No. 33 (S. 2015). The RDIP is the translation of the development goals, objectives and strategies of the Bicol Regional Development Plan (RDIP) into viable public sector programs, activities, and projects (PAPs). It provides the link between planning and budgeting and is the companion document of the Bicol RDP.

The RDIP is prepared and updated regularly by the RDC as mandated under Executive Order No. 325 to ensure that priority PAPs of the agency regional offices (AROs), government owned and controlled corporations and state universities and colleges (SUCs), proposed for national government

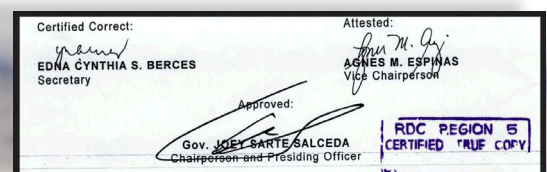

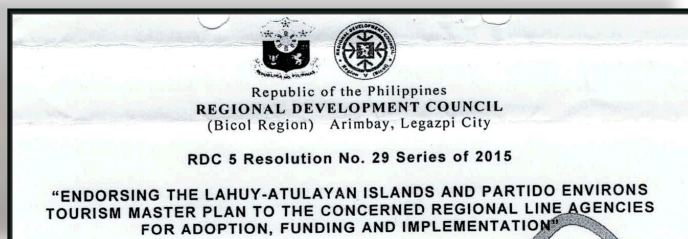

funding, are consistent with the region's development priorities.

The revalidated RDIP was prepared based on the comprehensive investment programming guidelines approved by the RDC. Consultations were conducted to validate the status of the projects and to solicit new projects that support the Bicol RDP. The consultations were attended by representatives from the AROs, SUCs, local government units, private sector/non-government organizations, and chief of staff of Bicolano Congressmen.

The revalidated RDIP is the source of PAPs for inclusion in the FY 2017 agency budget proposals and the basis of RDC budget review.
